

Help Grow the Musquash, for People and Nature!

SELT has raised 97% of the funds necessary to conserve two key properties (the Mathes Tract and the Doyle Tract), and add 175 acres of land to the Musquash Conservation Area. Would you make a special gift to help conserve these lands?

By making a gift, you will:

- Conserve 175 acres of forests and wetlands in the heart of the Musquash;
- Ensure continued public use of the Heron Trail and Shoots & Ladders Trail;
- Protect vital wildlife habitat for seven rare and threatened species; and
- Help ensure clean drinking water!

Please contribute by **March 31, 2017:**

use the enclosed envelope or donate securely online at www.seltnh.org ("Support Us" tab)!

Donors interested in making a gift of appreciated securities should call Beverly Shadley, Deputy Director, at 603-778-6088.
